'happily
ever after.'*

Congratulations girls!

DIRECTOR'S NOTES

Welcome to the 2015 Oshkosh North High School musical,
SHREK THE MUSICAL!

*What makes us special makes us strong!
We are different, and united,
You are us and we are you!
This is our story!*

Welcome to our fractured fairy tale in which the prince isn't charming, the princess isn't a damsel in distress, the sidekick isn't wanted, and the hero is an ogre. Since childhood we imagine fairy tales to be beautiful and perfect, and Shrek turns those ideas upside down.

The story of Shrek is based on the beloved children's book by William Steig and the blockbuster animated Dreamworks movie. Just as Shrek describes himself as having layers, so too does the plot of this show. On the surface we connect to the humor and flashy music, but underneath that we discover a real message. Speaking to children and adults alike, we are reminded that everyone has a story. We all have differences that shape us and give us perspective, and sometimes we need friends to help us see another point of view.

Fiona and Shrek struggle to accept their lot in life. Through circumstances thrust upon them, Shrek and Fiona learn to tear down the walls they have built around themselves and eventually cross the metaphorical bridge to beginning deeper, more fulfilling relationships.

I'm so grateful to the production staff, volunteers, cast, crew, and orchestra for all of their help. I am so proud of the cast for their hard work, energy, and enthusiasm. This is the most challenging show I have ever directed and I could not have done it without my colleagues, the parent volunteers, my family, and my husband. Thank you!

On behalf of the cast we challenge you to "Let Your Freak Flag Fly" and be true to yourself and unashamed of celebrating our differences. We don't have to be perfect to have a happy ending. Enjoy the show and thanks for supporting youth in the arts!

Bridget Duffy-Ulrich, Director
Oshkosh North Alumna, Class of 2005

Get Back Into Life!

Concerned about allergies, ask yourself these questions:

- Are allergy symptoms impacting your productivity?
- Do you take over-the-counter sinus medications regularly?
- Have you taken an over-the-counter medication for more than 3 months?
- Is the medication you are taking no longer working like it used to?

If you answered **YES** to any of these questions you may need more advanced allergy care from our **Sinus & Allergy Center**. To make an appointment with one of our allergy specialists, call us today.

Allergy testing now available at two of our locations:
